High School
St Pauls Catholic College
2025 Graduate

SKILLS

- Adaptable
- Advocacy
- Collaboration
- Foundational Knowledge of Technology Professional
- Risk Awareness & Mitigation

CONSIDERATIONS

I have a diagnosed condition of Visual Impairment which may require some accommodations to the recruitment and application process. I am happy to discuss these accommodations in more depth at your request.

OBJECTIVE

Seeking an entry-level position in IT and Cyber Security to leverage my skills and passion for technology and align with my developmental goals and professional aspirations.

EXPERIENCE

Work Placement

St Andrews College, Marayong
Completed practical placement as part of the NSW VET IDT course, gaining hands-on experience in ICT support and digital solutions. Assisted with troubleshooting hardware/software issues, supporting network operations and applying technical skills in a professional setting.

Work Placement

CathWest Innovation College
Undertook a second placement focused on ICT systems and digital technologies. Contributed to technical support tasks, implemented problem-solving strategies and collaborated with staff to maintain efficient technology operations.

ACHIEVEMENTS

- Highest Academic Achievement in Information and Digital Technology course.
- 70 hours of work placement.
- Academic Growth Award in Information and Digital Technology.
- 1st place Year 11 Information and Digital Technology course.
- Year 12 Higher School Certificate
